Rosemary Hill Observatory OPEN HOUSE

MARCH 24

7 - 10:30 PM

The Undergraduate Astrophysics Society and the Department of Astronomy invite you to the annual Open House of Rosemary Hill Observatory.

The following objects will be visible in the sky:
the Moon, Saturn, Venus, the Great Orion Nebula, the Crab Nebula, the Pleiades Cluster, the Beehive Cluster, Mizar and Alcor (a multiple binary system), and Castor (a binary star).

For directions e-mail Francisco Reyes <reyes@astro.ufl.edu> or call 352-392-2052. This event is co-sponsored by Dr. Stephen Eikenberry through an NSF grant.
